

HOW TO SEARCH AND SELECT YOUR
ROOMMATE AND/OR SUITEMATES AT
GRANVILLE TOWERS

2019/2020

A FEW THINGS TO KNOW BEFORE YOU BEGIN:

- Your preferences in RoomSync are due by June 17, 2019
- Room assignments will be distributed to the resident only on July 18 and July 19. If you have not received your room assignment by July 22, please email granvilleroomsync@gmail.com.
- If you have a roommate/suitemate in mind (i.e. you know you want to live with Sally Smith), all parties must join RoomSync to request one another. You will be able to type in this individual's name directly to locate their profile.
- If you do not have a roommate/suitemate in mind, RoomSync will help you find some potential matches by showing you your percentage of compatibility with others based on how they responded to our lifestyle questions. That is why it is important to be honest!
- Residents will gradually register for RoomSync, so the pool of residents to choose from will grow
- Only GT residents should complete this process. Parents, DO NOT complete this for your student.
- There are only two floor types you can select: Coed and All Female. For incoming first year students, we strive to put you all in First Year Experience floors where you will enjoy specialized programming and events, and a lower resident to Resident Advisor ratio. Space on the All-Female hall is EXTREMELY LIMITED and is NOT guaranteed.
- If you have participated in the Room Draft (only applies to residents with upperclass standing in Fall '19), then you do not need to use RoomSync because we recorded your roommate and suitemate(s) requests during the Draft.
- Once you have completed the RoomSync registration process, you will need to select your suitemate(s) and roommate (if applicable). You will need to send each of these individuals a request. All of these individuals must approve one another. If you are in a Traditional Double, you will need to select the bubble designating which of the roommates will be your actual roommate. If you do not, we will automatically assign roommates within the suite.

- If you are in a Traditional Single, Franklin, or Rameses, the person you approve will automatically be designated as your suitemate.
- If you are in a Traditional Double room, and would like to be suitemates with someone who is in a Traditional Single room (or vice versa), please email your request to granvilleroomsync@gmail.com. Each room type has a different passcode. Therefore, you will not be able to access other students in other room types. Because RoomSync will not allow a match up between Traditional Double rooms and Traditional Single rooms within a suite, the only way for us to know that you would like to be suitemates is if you email granvilleroomsync@gmail.com.
